A New Tool for Cultivating and Sustaining Community Change: The Collective Leadership Framework

**KELLOGG LEADERSHIP
FOR COMMUNITY CHANGE**
Crossing Boundaries, Strengthening Communities
W.K. KELLOGG FOUNDATION

From the President

WENDY WHEELER, President,
Innovation Center for Community

Leadership for Community Change (KLCC) Session II initiative. The focus of Session II is on valuing and building youth adult partnerships to advance just communities.

In late 2007 and 2008 we will begin disseminating additional practical tools and products incorporating the lessons learned from the five communities involved in session II. Videos, a tool kit, a web site, and a youth and adult story telling troupe are just some of the many exciting ideas that are coming to life. Stay tuned for more and thank you for your ongoing interest and support!

The Collective Leadership Framework is currently available and can be accessed at www.klccleadership.org.

For more information on the Innovation Center for Community and Youth Development, please visit our website at www.theinnovationcenter.org.

To learn more about the work of the Center for Ethical Leadership, visit their website at <http://www.ethicalleadership.org/>

A handwritten signature in blue ink that reads "Wendy Wheeler". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.
